

**Background**

Datuk Seri Ir. Azman bin Mohd has held several key positions since joining Tenaga Nasional in 1979. From a District Office electrical engineer to State General Manager, Senior General Manager of Operational Region 2 and Vice President of Distribution, he eventually rose to be the President/CEO in July 2012.

He obtained a Diploma in Engineering from England Newark Technical College, UK, in 1976, then a Bachelor of Engineering in Electrical Engineering from University of Liverpool, UK, in 1979, and finally a Masters of Business Administration from University of Malaya in 1996. He also chairs the Institute of Asset Management Malaysian Chapter.
